Guests Present: Rebecca Ohler, Susan Goodwin, Dave Wood, & Robert Meyer

Presentation: Electric Vehicle Chargers (EVC)

Rebecca Ohler, [Climate and Energy Program Manager, NH Department of Environmental Services](#) shared her expertise on the use and types of EVC's, and helped us discover ways in which Grantham can introduce EVC's.

Old Business:

Update on possible Solar Installation from Norwich Tech – The School has asked for two additional quotes from other contractors. We have asked other solar contractors to look at the project, but Norwich Tech is the only company who has provided a quote. The School has some other reservations about the project that could push the decision to a later date.

Committee member enlistment – Kristina Burgard has completed her three-year term and will join us for the last time at the March 5, 2018 meeting. The remaining members have agreed to continue with the committee for another year. Possible committee member replacement: Susan Goodwin from the Eastman Energy Committee.

Approval of Minutes: Fitzpatrick moved to approve the December 2017 minutes and Bresnick seconded the motion. The vote was unanimous to approve the minutes.

The next regularly scheduled meeting of the GEC is on Monday, March 5, 2018 at 5:00 p.m.

Adjournment: Bresnick made a move to adjourn. Burgard seconded it at 6:10 p.m. The motion passed unanimously.
