

MINUTES

Monday June 6, 2016 - 5:00 p.m.
Grantham Town Building
Jerry Whitney Memorial Conference Room
300 Route 10 South

The regular scheduled meeting of the Grantham Energy Committee was called to order at 5pm by Jenna Chenevert

Members Present: Jenna Chenevert, Paula Bresnick, Kristina Burgard, Peggy Martineau, Don Fitzpatrick, Mike Salo

Guest Present:

Administrative: Kristina Burgard motioned to accept the minutes from May 2 2016 with a Second from Don Fitzpatrick. Approved and Accepted

Old Business: Review of the May 10th Solar information night. Approximately 40 people attended. Residents that signed up for solar site visits included Kristina Burgard, Jenna Chenevert, Eastman resident Anne Langsdorf. Both Kristina and Anne have moved forward in the installations process.

Kristina shared her experience with the town permitting process. Questions of the precise structures allowed in the different residential zones, and where they should be located as well as the information required for the Building Permit were brought to light. Kristina will keep a log of the process, and post it on the GEC web site. It should help answer any FAQs.

Kristina, Jenna and Paula shared the results of their research into Municipal solar resources. It was agreed that it was very doable, but that a town employee needs to be involved due to long term financing options.

New Business: There was a discussion about hosting a “Button Up” workshop in September or early October. All present agreed that it was a good idea. Also discussed were lights and efficient heating systems.

It was decided that there would not be a meeting on July 4, since it is a holiday. The next meeting of the GEC will be August 1.

The meeting adjourned at 6:05.
